### To Whom It May Concern:

As a current user of DocStar equipment purchased from Micrographic Equipment Design Incorporated (MEDI) located in Hanover, Maryland, we are glad to share a positive review of the scanning process, user-friendly software, and the equipment maintenance provided by their tech support team.

Garrett County Health Department has been using DocStar as the primary document management system since June 2005. MEDI personnel provided training upon installation, and continue to provide support as needed. We are pleased to recommend the DocStar product, and the support and professionalism of the MEDI sales staff and technical support team.

Should you have any questions, or if I can provide additional information, please feel free to contact me at [pdove@dhhm.state.md.us](mailto:pdove@dhhm.state.md.us) or by calling 301-334-7700.

Sincerely,

A handwritten signature in cursive script that reads "Paula S. Dove".
